I am an ambitious and driven individual who constantly seeks personal and academic growth. Passionate about technology and problem-solving, I enjoy tackling challenges that enhance efficiency and improve everyday life. Currently, I am pursuing a degree in Information Systems Engineering at the National Technological University of Córdoba. My goal is to develop innovative solutions, expand my knowledge, and contribute positively to the people and projects I engage with. I thrive in collaborative environments, value continuous learning, and approach every challenge with enthusiasm and dedication.
